Best-selling author and goal-achievement expert Peggy McColl spent many years pondering that question and searching for the answer. absorbed the best advice from dozens of highly successful people, each of whom had their own ideas about the 'one' secret. Like many people who are searching for a sense of purpose, Peggy looked outside herself for guidance. In this fascinating book, Peggy shares the lessons she learned during her journey of self-discovery, and will also show you how to discover and realize your own dreams. Her intention is to awaken you to your innate ability to create and enjoy the secret recipe for fulfillment: your Won Thing!

Despite promises of "fast and easy" results from slick marketers, real personal growth is neither fast nor easy. The truth is that hard work, courage, and self-discipline are required to achieve meaningful results—results that are not attained by those who cling to the fantasy of achievement without effort. Personal Development for Smart People reveals the unvarnished truth about what it takes to consciously grow as a human being. As you read, you'll learn the seven universal principles behind all successful growth efforts (truth, love, power, oneness, authority, courage, and intelligence); as well as practical, insightful methods for improving your health, relationships, career, finances, and more. You'll see how to become the conscious creator of your life instead of feeling hopelessly adrift, enjoy a fulfilling career that honors your unique self-expression, attract empowering relationships with loving, compatible partners, wake up early feeling motivated, energized, and enthusiastic, achieve inspiring goals with disciplined daily habits and much more! With its refreshingly honest yet highly motivating style, this fascinating book will help you courageously explore, creatively express, and consciously embrace your extraordinary human journey.

Your Destiny Switch isn't just another self-help book. It's a powerful concept and process that can consciously and creatively transform your life. You could call it a paradigm shift in creative consciousness, a shift that speaks to your demand for a richer and more experiential engagement in your quest for growth. More than a book, Your Destiny Switch allows you to balance your key emotions in order to reach your destiny. Peggy McColl supports this work with a wealth of reference materials that provide an abundance of valuable and usable life-changing tools: state-shifters, the scale of human emotions, performance indicators, measurement tools, and a daily and weekly destiny planner. This book will help you understand your own creative power by way of your emotions and, more important, show you how to use this power to create desired results by tapping into a powerful energy source within.

Shemin reveals for the first time the inner-circle secrets of the mega-wealthy. Have you ever wondered why some people attract wealth while others stay financially trapped and in debt? The key is wealth-friendly, upside-down thinking. Stick with all the old moneymaking rules and stay broke. Break them and get rich. This is the book that shows you how. We've all read about the college kid who made millions on a brainstorm, or the couple who made a fortune in real estate, or the guy in his thirties who waved good-bye to his boss and now lives on his investments. But until now, how they did it—the rules they followed or flouted, the tricks they stumbled on—have remained a mystery. That's about to change. Whether you've been trying to get rich but haven't quite made it yet, or just need the confidence to dream big, this is the book for you. As experienced as Shemin is at showing high-net-worth individuals how to get richer, his real love is helping self-described "financial disasters" earn millions. And he uses his own odds-defying story to illustrate the outside-the-box thinking that gets the job done. Here, you'll learn how to:

- set only one powerful success goal—and make it a big one
- play while your money goes to work
- stop building someone else's business and start building your own
- live and think like a millionaire while you're becoming one
- use the power and "smarts" of other Rich Idiots to help you join the Rich Idiot Club
- add OPI (other people's ideas), OPT (other people's time), and OPE (other people's experience) to do less and make more
- tap into timeless secrets that unlock the energy and spiritual power of money

Learn which three assets you must own to become a Rich Idiot and how to obtain them with little or no money of your own. Learn why Rich Idiots outearn almost all the so-called wealth experts and how you can, too. Above all, learn how doing just one thing a day will bring you to your big goal. In this book, the first to show you what it really takes to achieve financial abundance, Shemin illustrates in a fun, witty way how going against the grain is, in fact, the surest way to gain. Spend just a few pages with Robert and his Rich Idiot friends and you'll be convinced that "if they could do it, I can do it."

DEMAND is such a misunderstood word. It is a request in which you ask for what you want, knowing the outcome you desire will happen without question or further discussion... As if it is already done. You can have, do, or be anything you want within the laws of nature. Hearing that may seem outrageous, but it's true. Many of the accomplished people in the world have applied what you are about to discover inside this book. They created extraordinary results and live completely fulfilling, abundant and rewarding lives. You can do it too! All you have to do is know what you want and, demand it in a certain way, and demand more of yourself. "Isn't it offensive, bold, or even rude, to demand something?" you may ask. Many people recoil at the very thought of demanding what they want out of life. Demand is not about fighting against the grain, nor is it about force. Force negates. Demand is about perfect, natural, even super-natural alignment with your desire, every moment of every day. "Riches, when they come in huge

quantities, are never the result of HARD work! Riches come ... in response to definite demands, based upon the application of definite principles, and not by chance or luck." - Napoleon Hill, Think And Grow Rich ENDORSEMENTS: "DEMAND... absolutely! Demand the very best from yourself. Quit playing around with your potential, with your life. DEMAND the best life has to offer. I DO and I love my life. Get this book and eat every word." Bob Proctor, Best-Selling Author of "You Were Born Rich" ----- "Peggy is a thinker, a doer, and an action taker. Life rewards Peggy and it will you too if you follow The Demand Principle!" Robert Pascuzzi, Best-Selling Author and Prosperity Teacher ----- "What I love about this book is that by the end of it if you're not getting the message, clearly, you're missing out on something amazing. The message repeats from chapter to chapter, and at first you think 'OK, I think I got it' but you keep reading, and suddenly... a light bulb goes on in your head and that is when you begin to truly internalize it. Only then can you say, I've GOT THIS - I'm ready to do it! It cost nothing to do, and you have everything to gain. Try it!" L.L. Tremblay, Author of "Seven Roses" ----- "Peggy McColl has done it again, this time showing us how to manifest anything. Demand is the key and Peggy has managed to put it into words where anyone can understand, and more importantly, apply her lessons. Pick it up right now! "Phillip B. Goldfine, Film, Television & Broadway Producer ----- "I have known Peggy McColl for many years. This book is the epitome of who she is. Peggy has always demanded the best of herself, and those that she does business with. She has accomplished so much in her life because of her mindset. In this book she clearly shows you how to demand for more in your life and then how to follow through to achieve it. This is a must read." Brian Proctor, VP of Business Development, Proctor Gallagher Institute ----- "One of the key principles of success is that you look to people who have demonstrated by their results that they know what they are doing and then do EXACTLY what they tell you to do. Peggy McColl has demonstrated by her results that she is a master at manifesting, and in this book, she tells you EXACTLY what to do. The principles and she, as a person, changed my life. Allow her to change yours!" Anders Hansen, Illusionist, Keynote-Performer, Change-Maker
