However, with some supplements, the text could certainly be used in a survey course in American History or American Studies. Content Accuracy rating: 3 A text can be factually accurate, but it can avoid topics, minimize topics, and underdevelop topics, and this was something that I found to be a problem with US History.

Highly-respected for its impeccable scholarship and elegant writing style, American History: A Survey provides students and instructors with a comprehensive account of the American past in which no single approach or theme predominates. From its first edition, this text has included a scrupulous account of American political and diplomatic history. Today, however, the book explores areas of history such as social, cultural, urban, racial and ethnic history, more history of the West and South, environmental history, and the history of women and gender. In addition, American history has not evolved in a vacuum, but as part of a larger global world. The eleventh edition of this text places American history into that global context, making connections for students who live in an ever-expanding world themselves.

Includes the "AP Advantage 3-Step Solution, 1 Platform" formula for learning.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Now in its third edition, American Military History examines how a country shaped by race, ethnicity, economy, regionalism, and power has been equally influenced by war and the struggle to define the role of a military in a free and democratic society. Organized chronologically, the text begins at the point of European conflict with Native Americans and concludes with military affairs in the early 21st century, providing an important overview of the military's role on an international, domestic, social, and symbolic level. The third edition is fully updated to reflect recent developments in military policy and the study of military history and war and society, thus providing students a foundational understanding of the American military experience. This book will be of interest to students of American history and military history. It is designed to allow instructors flexibility in structuring a course.

An Atlas and Survey of Latin American History makes the geography, the demography, and the political, social, and economic history of the region easily accessible in clearly drawn black-and-white maps and accompanying text. Fully up to date, it provides a topical overview of Latin American development from earliest times to the present day, bringing to light patterns of continuity and change. The Atlas is ideal for beginning through advanced college students, area specialists, and secondary school AP students. It demonstrates the close linkages between Latin American history, culture, economic development, and geographic realities. Each entry and map is accompanied by a brief, carefully selected bibliography.

Connect students to the experience of history. Connect students to success in history. Alan Brinkley's American History demonstrates that history is a dynamic story rather than a

static collection of names and dates. American History shows an ongoing narrative, exploring historical evidence that teaches us about the past while revealing connections to the present. Known for its clear, single, balanced voice and impeccable scholarship, American History, Alan Brinkley's best-selling survey text propels students to think critically about the many forces that continually create and re-create the history of the United States. In this wide-ranging narrative, Alan Brinkley shows the diversity and complexity of the nation and of our understanding of its history—an understanding that continues to evolve both in the events of the present and in our reexamination of new evidence and perspectives on the past. This 14th edition features a new series of Consider the Source essays, superior in-text learning tools, four new America in the World essays, and extensive content updates that demonstrate how a new generation of historians and of historical actors continues to shape the American story. And now, the most exciting of all, Alan Brinkley's American History offers Connect History, an innovative online assignment and assessment platform, which combines a fully integrated eBook with powerful learning and teaching tools. Tools that make assessment easier, learning more engaging, and studying more efficient. For example within Connect History, a groundbreaking adaptive diagnostic, LearnSmart, provides a personalized study experience for each student ensuring the mastery of basic chapter content. Additionally with Connect History, engaging interactivities such as Critical Missions immerse students in pivotal historical events, asks them to explore these situations, and then, make recommendations based on their findings. Connect History sharpens students' analytical skills, increases historical understanding, and improves overall course success.
