An attractive force Between all objects with mass Just like you and me Science is a thing of magic and wonder. It reveals complex patterns – and often thrilling chaos – at the heart of nature; the strange alchemy of reactions between invisible atoms; the bewildering origins of our universe; and the connections in our brains that create love, fear, joy – and poetry. Sciku brings together more than 400 revealing, poignant, witty haiku on scientific subjects. Written by students at The Camden School for Girls, these poems reflect on topics as varied as Newton 's laws, climate change, time travel and evolution. They are also elegiac, enigmatic and often extremely beautiful. Dissolving confusion To some, solutions Are answers; to chemists they Are still all mixed up.

Unlock your students' full potential with these revision guides from our best-selling series My Revision Notes With My Revision Notes your students can: - Manage their own revision with step-by-step support from experienced teachers with examining experience. - Apply scientific terms accurately with the help of definitions and key words. - Prepare for practicals with questions based on practical work. - Focus on the key points from each topic - Plan and pace their revision with the revision planner. - Test understanding with end-of-topic questions and answers. - Get exam ready with last minute quick quizzes available on the Hodder Education Website.

WJEC are revising their specifications for GCSE Science and GCSE Additional Science for first teaching from September 2011. As well as covering important scientific concepts, they highlight the role of scientific investigation in developing understanding, testing ideas and drawing conclusions. They also show how the science of the classroom relates to the world around us. This book fully supports the aims of the GCSE Science specification by providing clear explanations, definitions of key terms, questions to test understanding and clearly identified Science Skills exercises. It also shows - how to evaluate evidence and draw conclusions - the implications of science for society - the role of models in science - the importance of practical work

Exam Board: Edexcel Level: GCSE Subject: Business First Teaching: September 2017 First Exam: June 2019 Endorsed for Edexcel Let Ian Marcouse successfully steer you through the new specification with his proven and popular approach to Business; clear content coverage is enhanced by numerous real-life examples to create a course that engages, motivates and develops every student. - Breaks down the content of the 2017 specification into clear, accessible explanations of important concepts and theories - Helps students apply their knowledge to a range of real business examples, issues and contexts, supported by 'Talking Points' that encourage critical and commercial thinking - Improves quantitative, investigative, analytical and evaluation skills through end-of-chapter exercises - Builds students' confidence approaching their exams as they practise calculation, short answer and extended-writing questions with stimulus materials - Boosts students' vocabulary and supports revision with definitions of key terminology for each topic

Learning to Teach Using ICT in the Secondary School offers teachers of all subjects a comprehensive, practical introduction to the extensive possibilities that ICT offers pupils, teachers and schools. Under-pinned by the latest theory and research, it provides practical advice and guidance, tried-and-tested examples, and covers a range of issues and topics essential for teachers using ICT to improve teaching and learning in their subject. The third edition has been fully updated in light of rapid changes in the field of both ICT and education and includes six brand new chapters. Key topics covered include: Theories of learning and ICT Effective pedagogy for effective ICT Using the interactive whiteboard to support whole class dialogue Special needs and e-inclusion Literacy and new literaciesNEW Multi-play digital games and on-line virtual worldsNEW Mobile learningNEW e-Safety Supporting international citizenship through ICTNEW Linking home and school ICT tools for administration and monitoring pupil progressNEW Tools for professional development. Including case studies and tasks to support your own learning, as well as ideas and activities to use with all your students, Learning to Teach Using ICT in the Secondary School is a vital source of support and inspiration for all training teachers as well those looking to improve their knowledge. If you need a guide to using ICT in the classroom or for professional support, start with this book.
