A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy #1 NEW YORK TIMES BESTSELLER ■ NAACP IMAGE AWARD NOMINEE ■ NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post ■ Jennifer Szalai, The New York Times ■ NPR ■ The Guardian ■ Marie Claire In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. A Promised Land is extraordinarily intimate and introspective—the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of hope and change, and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this "vital, necessary, and beautiful book" (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and "allows us to understand racism as a practice not restricted to 'bad people'" (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

The establishment of South Africa's Truth and Reconciliation Commission was a pioneering international event. Never had any country sought to move forward from despotism to democracy both by exposing the atrocities committed in the past and achieving reconciliation with its former oppressors. At the center of this unprecedented attempt at healing a nation has been Archbishop Desmond Tutu, whom President Nelson Mandela named as Chairman of the Truth and Reconciliation Commission. With the final report of the Commission just published, Archbishop Tutu offers his reflections on the profound wisdom he has gained by helping usher South Africa through this painful experience. In No Future Without Forgiveness, Tutu argues that true reconciliation cannot be achieved by denying the past. But nor is it easy to reconcile when a nation "looks the beast in the eye." Rather than repeat platitudes about forgiveness, he presents a bold spirituality that recognizes the horrors people can inflict upon one another, and yet retains a sense of idealism about reconciliation. With a clarity of pitch born out of decades of experience, Tutu shows readers how to move forward with honesty and compassion to build a newer and more humane world.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

A spirited and revealing memoir by the most celebrated editor of his time After editing The Columbia Review, staging plays at Cambridge, and a stint in the greeting-card department of Macy's, Robert Gottlieb stumbled into a job at Simon and Schuster. By the time he left to run Alfred A. Knopf a dozen years later, he was the editor in chief, having discovered and edited Catch-22 and The American Way of Death, among other bestsellers. At Knopf, Gottlieb edited an astonishing list of authors, including Toni Morrison, John Cheever, Doris Lessing, John le Carré, Michael Crichton, Lauren Bacall, Katharine Graham, Robert Caro, Nora Ephron, and Bill Clinton—not to mention Bruno Bettelheim and Miss Piggy. In Avid Reader, Gottlieb writes with wit and candor about succeeding William Shawn as the editor of The New Yorker, and the challenges and satisfactions of running America's preeminent magazine. Sixty years after joining Simon and Schuster, Gottlieb is still at it—editing, anthologizing, and, to his surprise, writing. But this account of a life founded upon reading is about more than the arc of a singular career—one that also includes a lifelong involvement with the world of dance. It's about transcendent friendships and collaborations, "elective affinities" and family, psychoanalysis and Bakelite purses, the alchemical relationship between writer and editor, the glory days of publishing, and—always—the sheer exhilaration of work. The Instant #1 New York Times Bestseller The global icon, award-winning singer, songwriter, producer, actress, mother, daughter, sister, storyteller, and artist finally tells the unfiltered story of her life in The Meaning of Mariah Carey It took me a lifetime to have the courage and the clarity to write my memoir. I want to tell the story of the moments - the ups and downs, the triumphs and traumas, the debacles and the dreams, that contributed to the person I am today. Though there have been countless stories about me throughout my career and very public personal life, it's been impossible to communicate the complexities and depths of my experience in any single magazine article or a ten-minute television interview. And even then, my words were filtered through someone else's lens, largely satisfying someone else's assignment to define me. This book is composed of my memories, my mishaps, my struggles, my survival and my songs. Unfiltered. I went deep into my childhood and gave the scared little girl inside of me a big voice. I let the abandoned and ambitious adolescent have her say, and the betrayed and triumphant woman I became tell her side. Writing this memoir was incredibly hard, humbling and healing. My sincere hope is that you are moved to a new understanding, not only about me, but also about the resilience of the human spirit. Love, Mariah

Eleven-year-old Isabella's blended family is more divided than ever in this "timely but genuine" (Publishers Weekly) story about divorce and racial identity from the award-winning and New York Times bestselling author of Out of My Mind, Sharon M. Draper. Eleven-year-old Isabella's parents are divorced, so she has to switch lives every week: One week she's Isabella with her dad, his girlfriend Anastasia, and her son Darren living in a fancy house where they are one of the only black families in the neighborhood. The next week she's Izzy with her mom and her boyfriend John-Mark in a small, not-so-fancy house that she loves. Because of this, Isabella has always felt pulled between two worlds. And now that her parents are divorced, it seems their fights are even worse, and they're always about HER. Isabella feels completely stuck in the middle, split and divided between them more than ever. And she is beginning to realize that being split between Mom and Dad involves more than switching houses, switching nicknames, switching backpacks: it's also about switching identities. Her dad is black, her mom is white, and strangers are always commenting: "You're so exotic!" "You look so unusual!" "But what are you really?!" She knows what they're really saying: "You don't look like your parents." "You're different." "What race are you really?!" And when her parents, who both get engaged at the same time, get in their biggest fight ever, Isabella doesn't just feel divided, she feels ripped in two. What does it mean to be half white or half black? To belong to half mom and half dad? And if you're only seen as half of this and half of that, how can you ever feel whole? It seems like nothing can bring Isabella's family together again until the worst thing happens. Isabella and Darren are stopped by the police. A cell phone is mistaken for a gun. And shots are fired.

An exploration of Franklin D. Roosevelt's New Deal that discusses the arts, finance, labor, legislation, its influence on the Great Depression, and other related topics.
