LibGen is a unique concept in the
category of eBooks, as this Russia
based website is actually a search
engine that helps you download
books and articles related to
science. It allows you to download
paywalled content for free
including PDF downloads for the
stuff on Elsevier's Science Direct
website. Even though the site
continues to face legal issues due
to the pirated access provided to
books and articles, the site is still
functional through various
domains.
