KEY BENEFIT: With its real-life examples and cases, and its lively, conversational writing style, Bovee/Thill/Mescon brings concepts to life and prepares students for obtaining and pursuing satisfying business careers. KEY TOPICS: Bovee/Thill/Mescon weaves a four-part pedagogical tool through out each chapter. It starts with Orient, which outlines what is going to be covered in the chapter and then connects these topics with a "role-model" business professional. Next is Explore, which looks at the skills that their "role-model" used in order to be successful. Third is Confirm, which revisits what they have learned in the chapter. And, finally, Apply allows students to use the skills they have learned in the chapter. MARKET: For introductory level business students.

This book offers users the tools they need to succeed in today's workplace by developing their essential communication skills. Three easy-to-follow steps (planning, writing, and completing business messages) offer learners a practical strategy for writing and delivering business messages. Abundant sample documents demonstrate how to apply the principles being discussed. This is the only book that offers business communication experience in every chapter through real-world on-the-job simulations featuring actual companies and real-world business documents. These simulations provide a unique opportunity to apply concepts to real events and to sharpen business communication problem-solving skills. A five-part organization covers the foundations of business communication; the three-step writing process; letters, memos, e-mail, and other brief messages; reports and oral presentations; and employment messages. For business professionals--at any level--seeking to improve their oral and written communication skills.
