**How Do Birds Get Their Colors? - Owlcation - Education**

How The Birds Got Their Colours is an old yarn -- a small thread in the vast and intricate web of The Dreaming. Growing up, it was always one of me and my sisters ' favourites. How the Birds Got Their Colours tells many stories, but what it impresses upon me most is the idea of identity. It is when the birds receive their splashes of colour -- the pink of the Galah and the mixed palate of the Rainbow Lorikeet -- that they finally become themselves.

**Dreamtime Story - How the Birds got their Colours by Mary ...**

How did the birds get their colours? According to the Dreamtime story, birds all used to be black and have no colour. One day, a bird landed on a sharp branch, which cut into his foot and made it swell, and all birds except the crow came to his aid and looked after him until the swelling broke, releasing colour into the world.

**Aboriginal Dreaming How the Birds Got Their Colours Activities**

How The Birds Got Their Colours Back in the Dreamtime, Alcheringa, all the birds were the exact same colour, and that colour was black. Now, as you may know, all the birds have different colours, all except the crow, which is still black. This is the story of how the birds got their colours and why the crow stayed black.
