Fire and Emergency Services Instructor Eighth Edition helps students meet the job performance requirements of NFPA(R) 1041, Standard for Fire Service Instructor Professional Qualifications (2012) for Instructor levels I, II, and III. The manual also provides a reference for instructors who may perform duties outside of their current certification levels. This new edition has been reorganized to provide clearer separations between the three instructor levels: Ch. 1-9 cover Level I; Ch. 10-14, Level II; and Ch. 15-17 Level III. The text has been shortened from 22 chapters to 17. As a result, the text is more concise and easier to teach. The text reflects new changes in the NFPA(R) standard, including a discussion of bias in instructional and testing materials.

This version includes all 21 chapters of Essentials of Fire Fighting, 6th Edition and adds three chapters written and validated to meet the emergency medical and hazardous materials requirements of NFPA® 1001, 2013 Edition. Chapter 22 specifically addresses the Firefighter I and Firefighter II knowledge and skills requirements for the emergency medical care competencies identified in NFPA® 1001, 2013 Edition Chapter 4. Chapters 23 and 24 meet the First Responder Awareness and Operations Levels for Responders according to NFPA® 472: Standard for Competence of Responders to Hazardous Materials/Weapons of Mass Destruction Incidents, 2012 Edition and OSHA 1910.120. The chapters also provide validated content to meet Section 6.6, Mission-Specific Competencies: Product Control, of NFPA® 472. The hazardous materials information is adapted from the IFSTA Hazardous Materials for First Responders, 4th Edition.

The National Fire Protection Association (NFPA), the International Association of Fire Chiefs (IAFC), and the International Society of Fire Service Instructors (ISFSI) are pleased to bring you Fire and Emergency Services Instructor: Principles and Practice, Third Edition. With a full library of technological resources to engage candidates and assist instructors, Fire and Emergency Services Instructor takes training off the printed page. This text meets and exceeds all of the job performance requirements (JPRs) for Fire and Emergency Services Instructor I, II, and III, as well as two new levels for Live Fire Instructor and Live Fire Instructor-in-Charge, of the 2019 Edition of NFPA 1041, Standard for Fire and Emergency Services Instructor Professional Qualifications. Innovative features include: Rapid access of content through clear and concise Knowledge and Skills Objectives with page number references and NFPA 1041 correlations Promotion of critical thinking and classroom discussion through the “Training Bulletin” and “Incident Report” features “JPRs in Action” feature identifying the specific responsibilities of the Fire and Emergency Services Instructor I, II, and III relating to the job performance requirements (JPRs) Tips geared toward the company-level instructor, department training officer, and training program manager offering instruction techniques, test writing and evaluation pointers, and helpful notes on communication and curriculum delivery Realistic instructor scenarios with questions designed to provoke critical thinking in the learning environment New to the Third Edition: In-depth discussion of student-centered learning Learner-centered teaching methods and strategies Evidence-based techniques for improving learning Expanded explanation of learning science Content that meets the live fire instructor and live fire instructor-in-charge JPRs of NFPA 1041, including: Live Fire Evolution Pre-Live Fire Evolution Post-Live Fire Evolution

This resource aims to reduce injuries and fatalities on the fireground by preventing human error. It provides fire service professionals with the necessary communication, leadership, and decision-making tools to operate safely and effectively under stressful conditions. Although the concept of crew resource management has been around since the 1970s, this is the first book to apply C( to the fire service industry.

Exam Prep: Fire Instructor I & II is designed to prepare you to sit for a Fire Instructor I & II certification, promotion, or training examination by including the same type of multiple-choice questions you are likely to encounter. The manual follows the Systematic Approach to Examination Preparation, developed by Performance Training Systems, Inc., to help improve examination scores. The practice examinations were written by fire and emergency service personnel and the content was validated through current reference materials and technical review committees. Your exam performance will improve after using this system.

Make sure that you have the training and certification needed to provide the best risk reduction to your community. Reducing community risk requires trained individuals to verify that a locality adheres to locally adopted fire and life-safety standards for structural safety components in construction and renovations. Fire Inspection and Code Enforcement, 8th Edition, provides fire and emergency services personnel and civilian inspectors with the basic information necessary to meet the job performance requirements (JPRs) of NFPA® 1031 for Level I and Level II Fire Inspectors. Chapters are delineated with two clearly marked sections: the first section for Level I information followed by a second section for Level II information.
