For over 40 years, Warship has been the leading annual resource on the design, development, and deployment of the world’s combat ships. Featuring a broad range of articles from a select panel of distinguished international contributors, this latest volume combines original research, new book reviews, warship notes, an image gallery, and much more, maintaining the impressive standards of scholarship and research with which Warship has become synonymous. In the 2019 edition of this celebrated title, articles include Hans Lengerer’s exploration of the genesis of the Six-Six Fleet, Michele Cosentino’s look at Project 1030, Italy’s attempt to create a torpedo-armed attack and ballistic missile submarines, and A D Baker III’s drawing feature on the USS Lebanon. Detailed and accurate information is the keynote of all the articles, which are fully supported by plans, data tables and stunning photographs.

Embrace and revel in the stories of the toughest cyclists of all time, told by The Velominati, originators of The Rules. Read and get ready to ride . . . In cycling, suffering brings glory: a rider’s value can be judged by their results, but also by their panache and heroism. Prepared to be awed and inspired by Chris Froome riding on at the Tour de France with a broken wrist or Geraint Thomas finishing it with a broken pelvis. In The Hardmen the writers behind cycling superblog Velominati.com and The Rules will tell the stories and illuminate the myths of not just the greatest cyclists ever, but the toughest. From Eddy Merckx to Beryl Burton, and from Marianne Vos to Edwig Van Hooydonk, the book will lay bare the secrets of their extraordinary and inspirational endurance in the face of pain, danger and disaster. After all, suffering is one of the joys of being a cyclist. Embrace climbs, relish the descents, and get ready to harden up. . .

Thirteen-year-old Siena’s visions of the past intensify when her family moves to the Maine coast in hopes that her little brother will begin speaking, and she connects with residents of the house from many years earlier who faced a similar problem.

Charlie’s brother has put her in the no-win situation of having to rescue a cyborg from Earth Government. It’s dangerous, she’ll become an outlaw on Earth, but it’s the only way to save her brother’s life. The imprisoned cyborg is rude, conceited and probably the biggest jerk she’s ever had the misfortune to meet. His only redeeming qualities are his handsome face and sexy, muscular body. Just wow! Still, she can’t wait to be rid of him. All cyborgs hate humans, but Zorus is consumed by it. Chained, enslaved and facing death on Earth once again, he vows revenge. To his utter astonishment, a human female comes to his rescue. She’s rude, mouthy and bossy. And very brave. She baffles him almost as much as she arouses him. Zorus cannot deny that he’s fascinated by her. They are about to lock wills and ignite a firestorm of desire that defies every rule he lives by.

Jenny McCarthy, New York Times bestselling author of Baby Laughs and Belly Laughs, speaks candidly about the challenges and the humor to be found in balancing motherhood and the ups and downs of marriage. Jenny McCarthy ’ s honesty has made her a bestseller. In Life Laughs, Jenny opens up about all of the things no one told you before you got married and had kids. Of course there ’ s plenty of Jenny ’ s outrageous humor, but she also writes openly and for the first time about doing your best when marriage falters and about her own divorce, which made headlines when it was announced in the summer of 2005. Jenny doesn ’ t pretend to be an expert in her books; she is instead something more valuable—a good girlfriend. Catch Jenny ’ s take on growing older, finances, PMS, sex, dating . . . and again, mommyhood. Jenny McCarthy is a trusted, brand-name, bestselling author, and Life Laughs is poised to be her biggest book yet.

Welcome to Evansville, a sleepy Texas town on the verge of a boom. After growing up in a dying town, with only two restaurants, no movie theater, and no future, waitress Cassidy Simon wants out. For once, luck is on her side when the oil boom comes to South Texas. She ’ s determined to use it for her advantage, starting up an RV park for the oilfield workers to add to her escape fund. She ’ s never been out of Texas, and she ’ s itching for adventure. Grady McKenna couldn ’ t get away from his family ’ s ranch fast enough when he was a teenager, but a tour in the Air Force in the Middle East is enough to convince him there ’ s no place like home. He ’ s seen the world, had his adventure. Now he ’ s ready to contribute to his family ’ s legacy in Evansville. Naturally, the woman who draws his attention is the one intent on slipping through his fingers. How can he convince her life with him will be all the adventure she needs?

Aramus has no patience for the excuses humanity uses to hunt cyborgs down and eradicate them. He's put up with too much at their hands to ever forgive and forget. But all that changes when he rescues a fragile human doctor who teaches him that perhaps not all emotions are a weakness and that love can make even a cynical cyborg like him stronger. And for those who'd threaten his female? Go ahead... his iron knuckles could use some exercise...
