Nani Ardeshir Palkhivala was in public life for over five decades. His post-budget speeches in Bombay since 1958 have drawn national attention. Considered to be one of the world's top ten lawyers, he was once described by former prime minister Morarji Desai as 'India's finest intellectual'. The profile at the beginning of this volume, penned by the editors, L.M. Singhvi, M.R. Pai and S. Ramakrishnan, brings together for the first time little known episodes from Nani Palkhivala's early years, as also instances of his legendary memory, kindness, humility and generosity. The selections that follow, from his best published writings and lectures, show to good effect his multi-faceted personality and understanding of Indian business and society. They are on subjects as diverse as religion, freedom and democracy, the Indian Constitution, judicial reforms, the Indian economy, socialism, and education. There are also pieces on historical figures and contemporaries who have strongly influenced him. Some of the correspondence that Palkhivala has had with K.R. Narayanan, Indira Gandhi, Sanjay Gandhi, V.P. Singh, Dr Manmohan Singh, Justice H.R. Khanna, Swami Ranganathananda and others has been included, along with rare photographs from the Palkhivala family album. All these offer a warm and full portrait of an individual who has spent his life in pursuit of excellence. Candid, provocative and forceful, the pieces in this volume reflect a mind that possesses a

'An outstanding effort' - Chief Justice Venkatachaliah 'An extraordinary book' - Fali S. Nariman 'Unputdownable' - Ashok Desai First published in 2001, Courts and Their Judgments soon became a pioneering work on the subject. It raised important questions on the functioning of our judiciary - questions that continue to be as relevant today. Do judges merely enforce and interpret the law? Or do they at times interpolate words into statutes, even into the Constitution? Where does interpretation end and rewriting commence? How is it that in one judgment a court declares that it is the right of ministers to determine how far and in what direction a criminal investigation shall be carried, and in another the same court, indeed the same judge, decides to as good as monitor an investigation? How is it that in some cases a court delves into detailed facts that do not just bear on the case, but on why a law was passed, and in another the same court lays it down as a principle that facts need not be considered once the legislature has passed a law? The failure of other institutions to discharge their duties has compelled the courts to step far outside their traditional role. In doing so, have

they stretched the law and Constitution too far? Has the intervention been effective? Courts and Their Judgments looks at judicial activism through some brilliantly argued cases and at the need for and pitfalls of such overreach. With its searing answers, evidence, dissection of judgments on these and other issues, the book remains a must-read for strengthening the country.
