Although national poverty rates in Jamaica declined from 30.4 % in 1989 to 9.9 % in 2007, the decline in rural poverty was more modest: from 22 % to 15.3 %. If Jamaica was to achieve “Developed Country” status, as targeted in the government of Jamaica’s Vision 2030 plan, development of rural areas needed to keep pace with development in urban areas.

livelihoods frameworks for rural livelihood analysis consider, with examples, the effects of interactions of change among peasant livelihoods within the rural economy and markets.

Unit 1: Rural Livelihoods: Importance and Definitions

In global terms, poverty is predominantly a rural phenomenon (as noted earlier although there are large and increasing numbers of urban poor people, a greater proportion of poor people in the world live in rural areas and poverty tends to be more severe in rural areas). Many of the rural poor depend directly or indirectly upon peasant livelihoods.

1.2 The importance of rural livelihoods

Skilfully exposing the gap that exists between the rhetoric of poverty reduction strategies in capital cities and the practice of public sector delivery in rural areas, this key text will be essential reading for advanced students and researchers in the fields of rural development, rural livelihoods, poverty reduction strategies and Sub-Saharan Africa development as well as advisors and practitioners in international organizations.

National Rural Livelihood Mission is a poverty alleviation project implemented by Ministry of Rural Development, Government of India. This scheme is focused on promoting self-employment and organization of rural poor. The basic idea behind this programme is to organize the poor into SHG groups and make them capable for self-employment. In 1999 after restructuring Integrated Rural Development Programme, Ministry of Rural Development launched Swarnajayanti Grameen Swarojgar Yojana to focus on prom
