college graduate reporting from the former Soviet Union shortly after the fall of Communism.

"In a sense the book is Mr. Svenonius's love letter to the good old days of do-it-yourself punk concerts, though it's cleverly disguised as a series of Marxian essays." --New York Times "The pocket-sized book--given Svenonius's communism infatuation, the parallel to Mao's Little Red Book is no mistake--contains well-thought-out arguments on a variety of subjects, from vampires to the origins of punk rock. It's often funny, but never in a self-consciously ironic way." --Washington Post "Ian Svenonius has come a long way since Sassy Magazine first dubbed him the 'Sassiest Boy

Download Ebook Scorpions Wind Of Change

in America' in 1991. The DC singer has never been anything less than political to the extreme." --Village Voice A new, expanded collection of essays and articles from one of the mainstays of the Washington, DC, underground rock and roll scene, The Psychic Soviet is Ian F. Svenonius's groundbreaking first book of writings. The selections are written in a lettered yet engaging style, filled with parody and biting humor that subvert capitalist culture, and cover such topics as the ascent of the DJ as a star, the "cosmic depression" that followed the defeat of the USSR, how Seinfeld caused the bankruptcy of modern pop culture, and the status of rock and roll as a religion. The pocket-sized book is bound with a durable bright-pink plastic cover, recalling the aesthetics of Mao's Little Red Book, and perfect for carrying into the fray of street battle, classroom, or lunch-counter argument.

NEW YORK TIMES BEST SELLER • A grand, devastating portrait of three generations of the Sackler family, famed for their philanthropy, whose fortune was built by Valium and whose reputation was destroyed by OxyContin. From the prize-winning and bestselling author of *Say Nothing*, as featured in the HBO documentary *Crime of the Century*. The Sackler name adorns the walls of many storied institutions—Harvard, the Metropolitan Museum of Art, Oxford, the Louvre. They are one of the richest families in the world, known for their lavish donations to the arts and the sciences. The source of the family fortune was vague, however, until it emerged that the Sacklers were responsible for making and marketing a blockbuster painkiller that was the catalyst for the opioid crisis. *Empire of Pain* begins with the story of three doctor brothers,

Download Ebook Scorpions Wind Of Change

Raymond, Mortimer and the incalculably energetic Arthur, who weathered the poverty of the Great Depression and appalling anti-Semitism. Working at a barbaric mental institution, Arthur saw a better way and conducted groundbreaking research into drug treatments. He also had a genius for marketing, especially for pharmaceuticals, and bought a small ad firm. Arthur devised the marketing for Valium, and built the first great Sackler fortune. He purchased a drug manufacturer, Purdue Frederick, which would be run by Raymond and Mortimer. The brothers began collecting art, and wives, and grand residences in exotic locales. Their children and grandchildren grew up in luxury. Forty years later, Raymond ' s son Richard ran the family-owned Purdue. The template Arthur Sackler created to sell Valium—co-opting doctors, influencing the FDA, downplaying the drug ' s

Download Ebook Scorpions Wind Of Change

addictiveness—was employed to launch a far more potent product: OxyContin. The drug went on to generate some thirty-five billion dollars in revenue, and to launch a public health crisis in which hundreds of thousands would die. This is the saga of three generations of a single family and the mark they would leave on the world, a tale that moves from the bustling streets of early twentieth-century Brooklyn to the seaside palaces of Greenwich, Connecticut, and Cap d'Antibes to the corridors of power in Washington, D.C. *Empire of Pain* chronicles the multiple investigations of the Sacklers and their company, and the scorched-earth legal tactics that the family has used to evade accountability. The history of the Sackler dynasty is rife with drama—baroque personal lives; bitter disputes over estates; fistfights in boardrooms; glittering art collections; Machiavellian courtroom maneuvers; and

Download Ebook Scorpions Wind Of Change

the calculated use of money to burnish reputations and crush the less powerful. Empire of Pain is a masterpiece of narrative reporting and writing, exhaustively documented and ferociously compelling. It is a portrait of the excesses of America ' s second Gilded Age, a study of impunity among the super elite and a relentless investigation of the naked greed and indifference to human suffering that built one of the world ' s great fortunes.

Matt is six years old when he discovers that he is different from other children and other people. To most, Matt isn't considered a boy at all, but a beast, dirty and disgusting. But to El Patron, lord of a country called Opium, Matt is the guarantee of eternal life. El Patron loves Matt as he loves himself - for Matt is himself. They share the exact same DNA. As Matt struggles to understand his existence and what that existence truly

Download Ebook Scorpions Wind Of Change

means, he is threatened by a host of sinister and manipulating characters, from El Patron's power-hungry family to the brain-deadened eejits and mindless slaves that toil Opium's poppy fields. Surrounded by a dangerous army of bodyguards, escape is the only chance Matt has to survive. But even escape is no guarantee of freedom... because Matt is marked by his difference in ways that he doesn't even suspect.
