Module Summary. This module examines the course of Soviet foreign policy from the triumph of the Bolsheviks in 1917 to the eventual collapse of the USSR in the early 1990s. The advent of the Soviet regime posed new challenges for an international community already decimated by bitter rivalries; by the same token, the fledgling Soviet state was immediately confronted with the paradox of ensuring its survival and development in a hostile environment while promoting the goal of world revolution.

In the space of mere months in 1991, the Soviet Union saw an attempted coup fail, Gorbachev leave office, the Baltic states acquire independence, Leningrad vote to rename itself St Petersburg, the Communist Party disband, and the Russian flag fly over the Kremlin. One of the world's great powers--a country of some 200 nationalities stretching across a dozen time zones--had simply disintegrated, ending an epoch in world history. Now, for

## Read PDF Soviet Politics 1917 1991

the first time, we are able to look back and assess the complete 75 year experiment with communism. Based on extensive research and a first-hand knowledge of the Soviet system, *Soviet Politics: 1917-1991* offers an authoritative and lively history of the entire spectrum of Soviet politics, from the October Revolution and the rise of Lenin to the emergence of the Commonwealth of Independent States. McAuley ranges from the Revolution to the unprecedented crash industrialization and social mobility, to dictatorship and mass terror under Stalin, to conservative state control under Krushchev, Kosygin, and Brezhnev, and finally to the swift collapse of the state. The author offers a particularly stimulating analysis of the developments that brought an end to communist party rule and the breakup of the Soviet Union. She describes, for instance, how the 1989 elections undermined the

## Read PDF Soviet Politics 1917 1991

Communist Party's assumption of unqualified popular support (Yeltsin, the bete noire of the Moscow party, was swept in, and Soloviev, a deputy member of the Politburo, who ran unopposed in Leningrad, failed to garner 50% of the vote). She shows how the Congress of that year, televised nationally, revealed to a wrapt nation a Party no longer solidly united behind one stand, where deputies openly criticized the government, the KGB, and the Afghan war. And she paints a striking portrait of Gorbachev trying to reconcile irreconcilable interests, to heal the rift between Democrats and Party conservatives, as the center began to unravel. By the end of 1991, the USSR was gone forever, with momentous and unpredictable consequences not only for the peoples of the former Soviet Union, but for the world as a whole. Soviet Politics helps readers make sense of the developments since 1985, showing

## Read PDF Soviet Politics 1917 1991

how and why the system fell apart. It will interest anyone wanting a full understanding of current world events.

Based on first-hand knowledge of the Soviet system since the Krushchev period, and research into both Soviet history and contemporary politics, this book provides a stimulating analysis of the developments which brought an end to Communist Party rule and the breakup of the USSR.

First Published in 2017. Routledge is an imprint of Taylor & Francis, an Informa company.

R. Craig Nation provides the first post-Cold War history of the Soviets' seventy-five-year struggle to maintain an effective national security policy in a hostile world without altogether abandoning the commitment to their original internationalist ideals.

A second edition of this famous survey has been eagerly awaited. When the first edition appeared Brezhnev was still in power, Gorbachev did not make it to the index, and the USSR was a superpower. Today the Soviet experiment is over and the USSR no longer exists. How? Why? Martin McCauley has reworked and greatly expanded his book to answer these questions, and to provide a complete account of the Soviet years. Essential reading to an appreciation of recent history -- and to a better understanding of whatever happens next.

## Read PDF Soviet Politics 1917 1991

This large and magnificent work of art is both an interpretive history of Soviet chess from the Bolshevik Revolution to the collapse of the U.S.S.R. in 1991 and a record of the most interesting games played. The text traces the phenomenal growth of chess from the Revolutionary days to the devastations of World War II, and then from the Golden Age of Soviet-dominated chess in the 1950s to the challenge of Bobby Fischer and the quest to find his Soviet match. Included are 249 games, each with a diagram; most are annotated and many have never before been published outside the Soviet Union. The text is augmented by photographs and includes 63 tournament and match scoretables. Also included are a bibliography, an appendix of records achieved in Soviet national championships, two indexes of openings, and an index of players

and opponents.

In an attempt to explain the seemingly a priori antagonisms of the Soviet Union and the United States during the Cold War, *Natural Enemies* stands apart from previous literature on the topic. Looking at modern European history and the rise of the United States as a super-power, Robert C. Grogin contends that the Cold War eventually arose out of the clash of two ideologically motivated political systems. Grogin helps us see how the conflict between an American, Wilsonian-inspired politics and Soviet Leninist ideology developed into a gulf that was bound to be antagonistic from the start. The various postwar crises and failed attempts at detente frame this struggle, as Grogin charts the geopolitical trajectory of the conflict until its final dissolution. With an eye toward

## Read PDF Soviet Politics 1917 1991

understanding the impact of this period on subsequent world events, *Natural Enemies* presents an integrated and original interpretation of Cold War history.

'An expert in probing mafia-type relationships in present-day Russia, Martin McCauley here offers a vigorously written scrutiny of Soviet politics and society since the days of Lenin and Stalin.'  
John Keep, Professor Emeritus, University of Toronto. The birth of the Soviet Union surprised many; its demise amazed the whole world. How did imperial Russia give way to the Soviet Union in 1917, and why did the USSR collapse so quickly in 1991? Marxism promised paradise on earth, but the Communist Party never had true power, instead allowing Lenin and Stalin to become dictators who ruled in its name. The failure of the planned economy to live up to

## Read PDF Soviet Politics 1917 1991

expectations led to a boom in the unplanned economy, in particular the black market. In turn, this led to the growth of organised crime and corruption within the government. *The Rise and Fall of the Soviet Union* examines the strengths, weaknesses, and contradictions of the first Marxist state, and reassesses the role of power, authority and legitimacy in Soviet politics. Including first-person accounts, anecdotes, illustrations and diagrams to illustrate key concepts, McCauley provides a seminal history of twentieth-century Russia.

A fresh and compelling interpretation of Russian politics by a leading authority, this textbook focuses on political developments in the world's largest country under Putin and Medvedev. Using a wealth of primary sources, it covers economic, social and foreign

## Read PDF Soviet Politics 1917 1991

policy, and the 'system' of politics that has developed in recent years. Opposing arguments are presented and students are encouraged to reach their own judgements on key events and issues such as privatisation and corruption. This textbook tackles timely topics such as gender and inequality issues; organised religion; the economic krizis; and Russia's place in the international community. It uses numerous examples to place this powerful and richly-endowed country in context, with a focus on the place of ordinary people which shows how policy is translated to Russians' everyday lives.
