Take Me To Truth is the first book to present a practical guide to the six stages involved in shedding our distorted ego perception. It explains why our search for real happiness has eluded us and how to perceive the Love for which we all yearn so deeply. As Gary Renard says in the Foreword... despite the thousands of things we may appear to have to choose from in this world, there are really only two things, and only one of them is real. The ego is not. Take me to Truth heralds the next crucial step in the pursuit of evolutionary consciousness.

The first comprehensive guide to studying A Course in Miracles, for readers at all levels of experience. The channeled writings of A Course in Miracles have touched millions of lives. And yet ACIM can be surprisingly difficult to navigate. From its often complex concepts about the nature of the ego, reality, and love; to the many intense, surprising, personal changes it can bring into readers' lives, ACIM presents a challenge for even the most motivated students. Now D. Patrick Miller-the leading historical chronicler of ACIM and a highly respected authority on its teachings-provides the definitive how-to manual for engaging with ACIM. His guide distills years of hard-won insights and helps students navigate the sometimes intense experience. Living with Miracles is designed to make even the novice comfortable when approaching ACIM. Miller leads the reader through the most common emotions, reactions, and questions that arise when studying ACIM; provides insights and tips about pacing yourself, as well as when and how to take breaks from study; and gives advice on working through early

misconceptions and difficult later stages. He also provides useful, absorbing historical material, stories from practitioners around the world who reflect honestly on their experiences, and a resources section with ideas for those looking to continue their study of this remarkable spiritual teaching.

Grace Reinhart Sachs is living the only life she ever wanted for herself. Devoted to her husband, a pediatric oncologist at a major cancer hospital, their young son Henry, and the patients she sees in her therapy practice, her days are full of familiar things: she lives in the very New York apartment in which she was raised, and sends Henry to the school she herself once attended. Dismayed by the ways in which women delude themselves, Grace is also the author of a book *You Should Have Known*, in which she cautions women to really hear what men are trying to tell them. But weeks before the book is published a chasm opens in her own life: a violent death, a missing husband, and, in the place of a man Grace thought she knew, only an ongoing chain of terrible revelations. Left behind in the wake of a spreading and very public disaster, and horrified by the ways in which she has failed to heed her own advice, Grace must dismantle one life and create another for her child and herself.

What Happens When You Let God Part I & II is a revision of the original version consisting of three parts which is no longer in print for the following reason. When *A Course in Miracles* came into my life through a series of synchronistic events back in November of 2007, I was fortunate enough to have started it with two teachers who did not deviate from the non dualistic message of the course. Even with the help of my teachers, it was almost impossible to not have the words filtered in some way by the ego's

thought system. Therefore, the original version of the book, which consisted of three parts, has been actualized into the version that you now hold in your hands. I have left out the third part of the previous edition, which consisted of frequently asked questions. Perhaps by the time you are reading this, the third part will have been formulated into a new book that reflects a more non dualistic understanding of the course as well. In regards to this revised edition, the main message and practice is consistent with the previous edition. If you happen to have an older copy, I simply reworded some passages as well as took out anything that seemed dualistic in nature. My intention is to convey the non dualistic message of the course without tempting the mind of the reader with dualistic language. This book still contains some dualistic aspects for practical application, comparison, and generalization purposes and is therefore in no way meant as a substitute nor an attempt to teach A Course in Miracles. The Course has only One Teacher; the One Who dictated it. If the reader focuses on the main message of the book, regardless of the version owned, even with the dualistic examples shared in the previous one, the experience of putting the principles into practice will be evident. So enjoy the content of this book and thank you for allowing me the opportunity to share my love in this form with you. "What Happens When You Let God by Nick Arandes gives the reader a guide to a practical use of the teachings of ACIM. I highly recommend this book to everyone who wants to live life more happily and easily." Gary Renard, Bestselling author of *The Disappearance of the Universe & Your Immortal Reality*. "What Happens When You Let God is a wonderfully down to earth sharing of the lived wisdom of A Course in Miracles. Nick Arandes is a teacher and student of the Course who really walks his talk and it shows! Full of love and encouragement, humor and insight, we highly recommend this to anyone who wants to experience what happens when you let God." -Nouk Sanchez and Tomas Vieira, Authors of "Take Me To Truth, Undoing the Ego"

A Manual for Holy Relationship, in an uncompromising, comprehensive approach, provides a literal gateway that leads us, step by step, into the actual experience of changeless Love through Holy Relationship. Multi-layered meaning is dispensed throughout, which will unpack itself to the degree that our mind begins to drop its defenses to Love. As long as we fear changeless Love and Union with our brothers, sisters, God and our Holy Self, we will be locked into perpetuating time as suffering through the birth, amnesia, death, and reincarnation cycle. The ego's definition of "love" as special, must be overcome as we awaken to the majesty of God's consistently changeless Love. The Manual contains crucial teachings that point the way to the Love we have always yearned for, but mistakenly feared would cost us too much. When coupled with the undivided Truth as given by Jesus in the Course, there is no power on earth, including death, that can withstand the Holy Relationship's divine transfiguration. Now is the time. The way is clear. Truth and Love will triumph. The Holy Relationship is the means by which we finally learn and demonstrate the Course's #1 miracle principle: There is no order of difficulty in miracles. These are the teachings for our final victory lap!
