English gentleman on holiday in Ruritania who resembles the monarch is persuaded to act as his political decoy in an effort to save the unstable political situation of the interregnum.

Rupert of Hentzau, conspirator against the King of Ruritania who is exiled and thought to be dead, secretly returns to Ruritania. On the road he intercepts a letter from the unhappy Queen Flavia summoning her English lover, Rudolph Rassendyll, who was once able, owing to his striking resemblance to the monarch, to impersonate and rescue the king from conspirators who had vowed to kill him. Rupert kills the king and, intending to use the purloined love letter to establish himself on the throne, threatens Rudolph that he will reveal the contents of the letter unless his terms are met. Rudolph and Rupert fight a duel, and Rupert is slain. Rudolph refuses the offer of the throne and returns to England, where Queen Flavia, having abdicated, soon joins him.

Established in 1919 by Hollywood's top talent United Artists has had an illustrious history, from Hollywood minor to industry leader to a second-tier media company in the shadow of MGM. This edited collection brings together leading film historians to examine key aspects of United Artists' centennial history from its origins to the sometimes chaotic developments of the last four decades. The focus is on several key executives - ranging from Joseph Schenck to Paula Wagner and Tom Cruise - and on many of the people making films for United Artists, including Gloria Swanson, David O. Selznick, Kirk Douglas, the Mirisch brothers and Woody Allen. Drawing on a wide range of primary sources, individual case studies explore the mutually supportive but also in places highly contentious relationships between United Artists and its producers, the difficult balance between artistic and commercial objectives, and the resulting hits and misses (among them The General, the Pink Panther franchise, Heaven's Gate, Cruising, and Hot Tub Time Machine). The second volume in the Routledge Hollywood Centenary series, United Artists is a fascinating and comprehensive study of the firm's history and legacy, perfect for students and researchers of cinema and film history, media industries, and Hollywood.

This is a book about the long cultural shadow cast by a single bestselling novel, Anthony Hope's The Prisoner of Zenda (1894), which introduced Ruritania, a colourful pocket kingdom. In this swashbuckling tale, Englishman Rudolf Rassendyll impersonates the king of Ruritania to foil a coup, but faces a dilemma when he falls for the lovely Princess Flavia. Hope's novel inspired stage and screen adaptations, place names, and even a board game, but it also launched a whole new subgenre, the "Ruritanian romance". The new form offered swordplay, royal romance, and splendid uniforms and gowns in such settings as Alasia, Balaria, and Cadonia. This study explores both the original appeal of The Prisoner of Zenda, and the extraordinary longevity and adaptability of the Ruritanian formula, which, it is argued, has been rooted in a lingering fascination with royalty, and the pocket kingdom's capacity to hold a looking glass up to Britain and later the United States. Individual chapters look at Hope's novel and its stage and film adaptations; at the forgotten American versions of Ruritania; at the chocolate-box principalities of the musical stage; at Cold War reworkings of the formula; and at Ruritania's recent reappearance in young adult fiction and made-for-television Christmas movies. The adventures of Ruritania have involved a diverse list of contributors, including John Buchan, P.G. Wodehouse, Agatha Christie, Vladimir Nabokov, and Ian Fleming among the writers; Sigmund Romberg and

The many published volumes of the writings of Harold Adams Innis testify to his extraordinary grasp of the ordering principles of human history. The notes that he left at the time of his death provide a new and revealing profile of the inner workings of this restless and relentless mind. Innis maintained, added to, and corrected, in the last seven years of his life, a single system of cross-referenced notes, which came to be called the Idea File. Before his death in 1952 he collected these notes into a single numbered collation. In this edition the material has been arranged in chronological order to give a sense of the development of Innis's ideas and concerns. Innis's interests were many and varied, and this collection of some 1500 notes covers an encyclopedic range of topics. The different lines of Innis's investigations converge, however, in his interest in basic political and cultural issues and in his fundamental concern for the preservation of individual freedom and creativity. At heart Innis was a moralist whose hatred of oppressive social institutions led him to examine them from many angles. It is a fascinating odyssey. Every reader will be refreshed and enriched by sharing Innis's life-long intellectual adventure.
