Last year, Teddy Cannon discovered she was psychic. This year, her skills will be put to the test as she investigates a secretive case that will take her far from home—and deep into the past in the thrilling follow-up to *School for Psychics*. With trepidation, Teddy enters her second year at The Whitfield Institute, a facility hidden off the coast of San Francisco where students master telepathy and telekinesis, investigative techniques and SWAT tactics for covert roles in government service. She has been obsessively tracking the movements of the Patriot Corps, a secret organization that seems to be behind a string of crimes on US soil—including the disappearance of her friend, Molly. She is not sure who she can trust with her findings: her friends think she is crazy and her teachers insist she focus on her schoolwork. Teddy tries to do what she is told. She tries to forget about her missing friend, her long lost birth parents, her rivalry with other students, even her forbidden romance with an instructor. She learns to be a meat shield: a Secret Service operative trained to protect whatever dummy they throw her way. She learns to disarm explosive devices. She also learn to transport herself through time, as she begins to grasp astral travel (that is, if she doesn't get lost in the time-space continuum). But Teddy has never been good at following the rules. So when an unexpected assignment leads her to the answers she's chased for so long, and reveal a clue about her own past, she takes a risk that puts everyone else she cares about in danger. The next book in the series that Kirkus Reviews called "Harry Potter with a cast of millennials," K.C. Archer's *The Astral Traveler's Daughter* is a heart-racing novel set in a world very much like our own—but there is more to this place than meets the eye.

An entrancing new series starring a funny, impulsive, and sometimes self-congratulatory young woman who discovers she has psychic abilities—and then must decide whether she will use her skills for good or...not. Teddy Cannon isn't your typical twenty-something woman. Yes she's resourceful, bright, and scrappy. But she can also read people with uncanny precision. What she doesn't realize: she's actually psychic. When a series of bad decisions leads Teddy to a run-in with the police, a mysterious stranger intervenes. He invites her to apply to the School for Psychics, a facility hidden off the coast of San Francisco where students are trained like Delta Force operatives: it's competitive, cutthroat, and highly secretive. They'll learn telepathy, telekinesis, investigative skills, and SWAT tactics. And if students survive their training, they go on to serve at the highest levels of government, using their skills to protect America, and the world. In class, Teddy befriends Lucas, a rebel without a cause who can start and manipulate fire; Jillian, a hipster who can mediate communication between animals and humans; and Molly, a hacker who can apprehend the emotional state of another individual. But just as Teddy feels like she's found where she might belong, strange things begin to happen: break-ins, missing students, and more. It leads Teddy to accept a dangerous mission that will ultimately cause her to question everything—her teachers, her friends, her family, and even herself. Set in a world very much like our own, School for Psychics is the first book in a stay-up-all night series.
