This book can save you the money and hassle of projection TV repair by showing you how to fix it yourself. The perfect tool to help every professional technician, enthusiastic hobbyist, or do-it-yourselfer to accomplish this goal. Includes a case study for the Mitsubishi VS-458RS.

With a minimum of technical jargon, this best-selling guide shows and tells you how to troubleshoot and repair the most common TV problems—and avoid expensive repair bills! Even if your previous technical experience is limited to clicking the remote, this book can show you how to pinpoint your TV's problem and fix it—using just a few basic tools. This revised edition features a wealth of timely and practical new material on upgrades, too. You get information on universal remote transmitters, stereo TV, digital controls, new color circuits and picture tube sizes, and installing digital satellite receivers. A new "Symptoms and Causes" chapter makes troubleshooting quicker and easier than ever.
