Depends on what you want from one. It's been my experience that video-editing and intuitive don't go together in the slightest. I use VSDC which is free (my most important qualification) and use it mostly to sew my videos together into one piece if I have to break the recording in bits which I attempt to avoid because it messes with the size something awful.

A hidden truth. Mortal enemies. Doomed love. With her rare ability to breathe fire, Jacinda is special even among the draki—the descendants of dragons who can shift between human and dragon forms. But when Jacinda’s rebelliousness forces her family to flee into the human world, she struggles to adapt, even as her draki spirit fades. The one thing that revives it is the gorgeous, elusive Will, whose family hunts her kind. Jacinda can’t resist getting closer to him, even though she knows she’s risking not only her life but the draki’s most closely guarded secret. Mythical powers and breathtaking romance ignite in this story of a girl who defies all expectations and whose love crosses an ancient divide.

An Impossible Romance. Bitter Rivalries. Deadly Choices. To save the life of the boy she loves, Jacinda did the unthinkable: She betrayed the most closely guarded secret of her kind. Now she must return to the protection of her pride knowing she might never see Will again—and worse, that because his mind has been shaded, Will’s memories of that fateful night and why she had to flee are gone. Back home, Jacinda is greeted with hostility and must work to prove her loyalty for both her sake and her family’s. Among the few who will even talk to her are Cassian, the pride’s heir apparent who has always wanted her, and her sister, Tamra, who has been forever changed by a twist of fate. Jacinda knows that she should forget Will and move on—that if he managed to remember and keep his promise to find her, it would only endanger them both. Yet she clings to the hope that someday they will be together again. When the chance arrives to follow her heart, will she risk everything for love? In bestselling author Sophie Jordan’s dramatic follow-up to Firelight, forbidden love burns brighter than ever.

Awakening in a bleak landscape, Cass Dollar vaguely recalls enduring something terrible. Having no idea how many days—or weeks—have passed, she slowly realizes the horrifying truth: her daughter, Ruthie, has vanished. And with her, nearly all of civilization. Instead of winding through the once-lush hills, the roads today see only cannibalistic Beaters—people turned hungry for human flesh by a government experiment gone wrong. In a broken, barren California, Cass will undergo a harrowing quest to get Ruthie back. Few people trust an outsider—much less one who bears the telltale scars of a Beater attack—but she finds safety with an enigmatic outlaw, Smoke. And she'll need him more than ever when his ragged band of survivors learn that she and Ruthie have become the most feared, and desired, weapons in a brave new world....
