by Don Bowman. There are four different serpentine belt routings for the 4.6-liter engine in a Mercury Marquis. The belt-routing diagram is depicted on a placard on the radiator support shield, which is on the top of the radiator cover just to the left of the hood hinge. It is also in the owner's manual. In the event neither is available, draw a diagram of the routing prior to removing the belt, which is a fairly simple job that requires only a few tools.
